## ASCL1 CarLink includes service for first year

Carlink is advent's first smart phone remote start and security interface. A downloadable app makes these features controllable from your iphone, android or blackberry. You can start, lock & unlock, and locate your vehicles from anywhere in the world. easy "plug-in" installation

- compatible with iphone, blackberry and android
- two-way confirmation
- door lock and unlock / remote start
- car find feature (horn honk and / or flashing lights)

## AS9234

Factory keyless upgrade to vehicle security with remote start system

- 2 on-board IGN relays with programmable output
- DBI Port
- On board relay for flashing parking lights
- Diesel compatible
- Tachless mode

## FLCAN FlashLogic FLCAN Module

Connects to vehicle's databus interface, enabling communication with any Code Alarm keyless entry or security system.

- Doorlock/alarm integration module
- Allows Code Alarm alarms to work in a wide variety of vehicles
- Glass mount antenna w/ built-in LED light & valet switch
- Requires splicing into vehicle's factory wiring

Remote Start Data Modules with Plug-In Harness  
Flashlogic Data Start modules with Plug-in Harness will allow you to remote start selected vehicles from the OEM leyless entry transmitter, eliminating the need for a traditional remote start system.

- Web-programmable remote start solution for various models
- Includes custom T-harness for simple "PLUG & PLAY"
- Enables remote start from OEM transmitter on select models
- Compatible with FLRF1 and FLRF2 RF kits and Carlink for additional range (sold separately)

FLRSF01 Ford Data Start Module  
 FLRSCH4 Chrysler Data Start Module  
 FLRSCH5 Chrysler Data Start Module  
 FLRSGM2 GM Data Start Module  
 FLRSGM7 GM Data Start Module  
 FLRSGM10 GM Data Start Module

## Entertainment - With Audiovox Movies-To-Go

### AVXMTGHR1D 7 inch headrest monitor with built-in DVD player

Our entry level headrest system with built-in DVD player is perfect for any family on a budget. This unit comes with multiple color covers (shale, pewter and black) to match most interiors as well as adjustable headrest pole diameter for a universal feel that fits most vehicles.

- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- A/V inputs for additional source units
- A/V output
- USB / SD inputs for digital media
- Independent switching
- Built-in FM modulator
- Remote control
- 3.5mm to RCA adapter cable (A/V in)

### AVXMTGHR1M 7 inch headrest monitor only system

Entry level rear seat headrest system is the perfect unit for adding an additional monitor to an existing mobile video source. This system *does not* have a built-in DVD player and comes with shale, pewter and black covers as well as adjustable post for a universal fit that fits most vehicles.

- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- A/V inputs for additional source units
- Built-in FM modulator
- Independent switching
- 3.5mm to RCA adapter cable (A/V in)
- Remote control
- Enclosed post wiring
- Adjustable headrest pole diameter

Available in:  
Pewter and Shale

### AVXMTG10UA (or AVXMTG9 with 9" monitor\*)

10 inch monitor with built-in DVD player

Get up and go! The AVXMTG10 will entertain your road trip passengers as soon as you back out of your driveway. Pop-in a DVD or plug-in an external media device and enjoy the peace and quiet.

- 10.2" LED, 16:9 monitor with built-in DVD player
- 16 channel wireless FM modulator
- Dual IR transmitter
- Wired headphone jack
- AV input/output
- USB and SD Card slot
- Remote control
- Dome lights

**\*AVXMTG10U**  
comes with Pewter, shale, and black trim rings

## Safety - With Audiovox Rear Sensors

### PSD100

Digital Front or Rear 2 Sensor Upgradable System with Learning Capability  
This system can actually learn to ignore vehicle mounted objects i.e. bike racks, mounted spare tires, and/or hitch mounted accessories so it can focus on objects that it might hit. The PSD100 uses flash memory to learn and remember the obstacles on or around the vehicle.

- 2 sensors detect obstacles over 6 feet away from the bumper
- System can be installed as a front or rear sensor system
- Waterproof connectors allow replacement of individual sensors at the bumper

### PSD200 4 Sensor Upgrade System

### PSS100

Backup Warning OEM grade digital 2 sensor upgradable system

- 2 sensors detect obstacles over 5 feet away from the bumper
- Waterproof connectors allow replacement of individual sensors at the bumper
- System is upgradable to a 4 sensor system using PSS200 2 sensor add-on kit
- Includes 0 degree and 8 degree angle sensor sleeves to fit most bumpers
- Sensors can be flush installed without the sleeves for a more OEM look

### PSS200 4 Sensor Upgrade System

# ADVENT®

ADVENT®  
Mobile Video Headrest Systems

## Advent's award winning headrest line delivers state of the art technology in a new slimmer footprint.

We made some innovative design changes that not only accommodate the wide variety of headrest options in today's vehicles but also feature a new thinner footprint that reduces the need for oversized headrests to accommodate the electronics.

Our new **7-inch Hi-Def Digital LCD with LED backlit** panels boast **800 RGB x 480** resolution for a crisp and vibrant video reproduction, as well as a **full FM Band wireless FM transmitter** with the available option to hardwire for improved FM audio. LED backlighting delivers a more vivid picture to enhance the viewer experience while lengthening the life span of the screen.

- Color, material, grain pattern, stitching, piping — are all custom tailored.
- Headrest bun shapes and assemblies are designed to match the factory headrests.
- Solid frame construction ensures stability; posts are notched to factory spec.
- Elegant & cleanly designed monitors are securely fastened to headrest.
- Advanced electronics, picture & sound rival much higher priced systems.
- Plus... a variety of flexible configurations fit all needs and budgets — Dual DVD, Single DVD/Single Monitor, Dual Monitors, etc.
- Optional GAME PACK which includes a plug-in save module pre-loaded with 54, 32 bit videos games with two wireless controllers.

*With an unparalleled headrest system fully customized by Advent, peace & quiet in the backseat never looked — or sounded! — better.*

## NM100 Rearview mirror with built-in Navigation, Bluetooth and touch screen controls

The Advent NM100 replacement rearview mirror comes with built-in iGo Primo Navigation with 3D mapping, built-in handsfree Bluetooth system with phone book accessibility as well as a 4.3-inch LED backlit digital monitor with touch screen. This system includes internal microphone, speaker and GPS antenna as well as universal GM/Ford/Chrysler windshield mounts.

- Built-in iGo Primo navigation with 19 on-screen display languages
- 4.3-inch LED backlit digital monitor with touch screen
- US and Canada maps with 11 million POIs
- Text-to-Speech recorded voice guidance in English, French and Spanish
- Built-in Bluetooth with Phone Book
- Internal Microphone, Speakers and GPS Antenna
- Screen not visible with camera and navigation turned off
- Includes universal GM/Ford/Chrysler mounts

## BTHFMOD

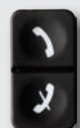

### Universal Bluetooth module with universal wiring harness

The Advent Bluetooth hands-free modular is designed to work with the Advent universal Bluetooth switch or one of the Advent OEM custom switches.

- Compatibility with most Bluetooth enabled phones
- Crisp, clear quality sound through the vehicle's speaker
- Automatic stereo muting for safety and convenience
- Voice activated dialing
- Universal application or OEM with our custom switches
- Voice recognition dialing
- Redial function
- Auto connect on incoming call
- Volume control

- Fits 2009 - 2013 Toyota Camry
- 11 million POIs with 3D screens
- 8" widescreen LCD with touch panel display
- Built-in Parrot Bluetooth with external microphone
- DVD / CD / MP3 WMA playback

DICE Electronics has been an industry leader in OEM vehicle integration for years. Our commitment to quality drives us to continuously develop cutting edge devices that meet and push toward the next steps in the quickly evolving vehicle technology market.

## DICE Electronics DUO iPod, iPhone + Internet Radio and SIRIUS. All with the DUO

The DICE Silverline DUO is a vehicle specific integration solution for iPod/iPhone/SIRIUS. The kit includes everything needed to connect an iPod or iPhone to your vehicles factory radio system. The interface delivers great sound quality with balanced audio design and creates a seamless interconnection between the devices and the entertainment system of the vehicle. Text display is available on radio systems where CD or SAT text is supported. The interface also delivers integrated control from the radio, steering wheel, the connected device or from an optional remote.

- Livio Car Internet Radio. More than 45,000 stations...in your car!
- Connect your iPod, iPhone or SIRIUS satellite radio\*.
- Balanced audio design.
- Quickly access your favorite hits.
- Keeps you charged and ready to go.

\*requires a SC-C1 SIRIUS Connect Vehicle Tuner

## DICE MediaBridge iPod control, an aux input, and a satellite radio connection

Just mount the compact hideaway box in a hidden location in your vehicle, and connect the included 40" harness to your factory stereo. You can plug your iPod or iPhone® into the USB input on the MediaBridge, then browse your music library by album, artist, or playlist right from the radio or with your steering wheel audio controls. The direct connection to your stereo gives you superior sound, and your iPod will stay charged while you drive. You can also load up a USB thumb drive with MP3, WMA, and AAC files.

- MediaBridge lets you listen to internet radio in the car!
- Pleasure to your ears through Digital USB audio.
- Safer driving integrated Bluetooth MAT™ (Music Announcer Technology)
- Connectable devices can be controlled from the radio or steering wheel controls.
- Need even more content? Get SIRIUS!\*

\*requires a SC-C1 SIRIUS Connect Vehicle Tuner

## Universal RDS Universal Media Interface

The DICE Universal RDS supercharges your factory car radio with features like iPod and iPhone connectivity and internet radio. This universal kit connects directly to your car radio's factory antenna loop giving you crystal clear audio without any static or noise EVER. With RDS technology, artist and song names are displayed on your radio and the Universal RDS is ready for the future because you can update its features and device compatibility right from your computer with the DICE FW Update Application.

- Internet radio for ANY car!
- Connect your iPod® and iPhone®
- See what you're listening to.
- Noise free, digital circuitry.
- Quickly access your favorite hits.

## G2 Cradle The Ultimate add-on for any iPod and iPhone dock accessory!

The new DICE G2 Cradle is designed with features that enhance the in-car experience of popular iPod and iPhone models. It holds your iPod or iPhone while connected to your car integration kit, rear-seat entertainment system or cigarette lighter charger.

- Securely holds your iPod or iPhone
- Compliments your car's interior
- Long and short mounts with many mounting options
- Adjustable ball mount, compact dimensions
- Six, easily interchangeable holders

## 6XS 6 Channel Electronic Crossover

The 6XS does it all. Sharp 24 dB/octave Linkwitz-Riley alignment crossover with remote level control for the bass.

### Features:

- Six Inputs plus Eight Outputs
- State-Variable, 24dB per Octave, 2-way Active Crossover
- Audiophile Crossover Performance
- Output Level Controls
- High Voltage Outputs
- Low Impedance Line Driver
- Remote Subwoofer Level Control

## ACR-1 Wired remote for select AudioControl processors

### AudioControl processors:

- 6XS Crossover
- Epicenter bass processor
- LC6i 6-channel line converter
- Overdrive PLUS line driver
- LC2i 2-channel line converter
- Matrix Plus line driver
- 20' cable and mounting plate included

## LC7i 6-channel line output converter with bass restoration — add amps to your factory system

### Features:

- 6-channel line output converter
- 6 speaker-level inputs (each can handle up to 400 watts RMS of power)
- AccuBASS bass restoration circuitry
- 6-channel preamp-level outputs
- AutoMode creates subwoofer channel when needed
- Internal signal summing available when used with factory systems with Xovers level matching controls

## LCQ1 6-Channel line output converter with equalizer — add amps to your factory system

### Features:

- 6 high-level inputs
- 6-channel preamp level outputs
- Independent front, rear, and sub EQ controls
- AccuBASS signal processing
- 12-volt turn-on lead output
- Internal signal summing

## The Epicenter Plus™ Bass processor with aux input for factory or aftermarket systems

### Features:

- Gray bass restoration processor with aux input
- Works with any stereo, factory or aftermarket
- Speaker-level inputs accept signal up to 400 watts
- 2-channel preamp inputs and outputs
- Auxiliary RCA line input for iPod or other audio source
- Fixed subsonic filter (33 Hz, 12/dB octave)
- Wired dash-mount remote w/ bass volume/source selection
- Frequency response: 10-22,000 Hz

## The Epicenter™ Bass processor

Legendary Epicenter bass processor will maximize the low-frequency power and punch of your bass system, from a simple powered tube to a full-blown competition setup.

### Features:

- Para-Bass controls adjust center-frequency and width of bass processing
- Bass restoration processor (white)
- 2-channel preamp inputs and outputs
- Fixed subsonic filter (33 Hz, 12/dB octave)
- Frequency response: 10 to 100,000 Hz
- Wired dash-mount bass remote

## THREE.2 In-dash equalizer with crossover and line driver

### Features:

- preamp/equalizer and subwoofer crossover
- 3-band EQ: +/-12 dB at 125, 1,250, and 10,000 Hz
- Para-BASS EQ: +/-12 dB at 40-80 Hz
- 2-way Linkwitz-Riley crossover (24 dB/octave at 90 Hz)
- line driver increases output up to 9.5 volts RMS (13 volts peak)
- front and rear panel auxiliary inputs
- switchable balanced/unbalanced preamp inputs help eliminate noise
- front, rear, and subwoofer outputs

## EQS

Trunk-mount 6-channel equalizer and line driver

### Features:

- Dual 13-band equalizers with level matching controls
- Line driver increases signal up to 18 dB
- 6-channel preamp inputs and outputs
- Balanced inputs eliminate noise
- 33 Hz subsonic filter eliminates extreme low bass
- Frequency response: 10 to 100,000 Hz
- Signal-to-noise ratio: 110 dB at full output

## LC2i 2-Channel line output converter for adding amps to your factory system

### Features:

- 2 speaker-level inputs with 400W RMS power handling
- Designed to work with most factory systems
- Main and Bass preamp-level outputs
- Level matching controls
- Subwoofer level control output
- Signal-sensing turn on
- 12-volt turn-on lead output

## MATRIX PLUS 6-channel line driver

### Features:

- 6-channel line driver provides up to 24 dB of gain
- Gold-plated RCA jacks
- Top-mounted controls for easy adjustment
- Frequency response: 10 to 100,000 Hz
- Signal-to-noise ratio: 110 dB at full output
- Maximum output level: 9.5 volts RMS
- 3 sets of balanced inputs & outputs eliminate noise light indicates 1-, 2-, or 5-volt Output, plus overload indicator

*The Ultimate Vehicle Security and Convenience System*

### 4113A AM6.2 Remote Start with Two 1-Button Transmitters

The AM6.2 is a remote start system with two easy to use, 1-button remotes.

- XR+ Technology for maximum starting range
- Parking Light Flash Confirmation
- Doors lock when you start your car
- Super bright LED status indicator built into the remote
- Three Year Product Warranty
- National Travelers Service Program
- \$2500 Product Performance Guarantee

### 3101A AM5 Security and Keyless Entry System with Two Transmitters

Full-featured security system with starter kill, shock sensor, 4-button remote transmitters.

- Parking Light Flash Confirmation
- Flashing LED Status Indicator
- Failsafe® Starter Kill
- Dual Stage Shock Sensor
- Remote Door Lock / Unlock
- Remote Panic
- \$2500 Product Performance Guarantee

### 2102A AM2 Keyless Entry

AM2 provides Keyless Entry plus starter kill with two miniature 4-button remote transmitters.

- Parking Light Flash Confirmation
- Flashing LED Status Indicator
- Failsafe® Starter Kill
- Remote Door Lock / Unlock
- \$2500 Product Performance Guarantee

### 5303A AM9 2-Way Security System with Remote Start

2-Way is the hottest technology in vehicle security & remote start, and the newly redesigned AM9 is a state-of-the-art 2-Way system. It confirms all commands on its LCD screen.

- Remote Engine Starting
- Parking Light Flash Confirmation
- Flashing LED Status Indicator
- Failsafe Starter Kill
- Dual Stage Shock Sensor
- Remote Door Lock / Unlock
- Remote Panic
- \$2500 Guaranteed Protection Plan

### 3001A

#### AM1 Security Upgrade for OEM Keyless Entry System

Quickly upgrades the keyless entry system into a state-of-the-art security system with starter kill, shock sensor, dash light, passive arming and siren, using the remote controls that came with the vehicle.

- Parking Light Flash Confirmation
- Flashing LED Status Indicator
- Failsafe® Starter Kill
- Remote Panic
- Dual Stage Shock Sensor
- \$2500 Product Performance Guarantee

**Start your car from  
virtually anywhere  
with your smartphone**

## SMARTSTART REMOTE START SYSTEMS

### DSM200

#### SmartStart Module to any AutoMate System

- NEW! SmartStart Motor Club roadside assistance included at no additional charge with the SmartStart Secure Service Plan
- NEW! CarFinder™ feature automatically saves your location every time you lock your car with your smartphone
- Download the free SmartStart app, get SmartStart and Automate installed on your new car, and activate your account
- Start your car, lock and unlock your doors, pop your trunk or panic your horn or siren - all using your smartphone
- If you have security features, receive security alert text message on your phone when your security system triggers

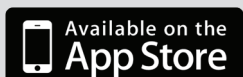

*Additional parts or labor may be required+*

### DSM250

#### SmartStart Module with GPS Tracking Capability

- Combines GPS Tracking capability with current SmartStart features
- Users can know where their vehicle is at all times
- NEW! SmartStart Motor Club roadside assistance included at no additional charge with the SmartStart Secure Service Plan
- NEW! CarFinder™ feature automatically saves your location every time you lock your car with your smartphone
- Download the free SmartStart app, get SmartStart and Automate installed on your new car, and activate your account
- Start your car, lock and unlock your doors, pop your trunk\* or panic your horn or siren\* - all using your smartphone
- If you have security features, receive security alert text message on your phone when your security system triggers
- Users can share vehicle's location with family or friends via mail, text, or Facebook page
- Receive alerts on Smartphone if vehicle is moved or driven where users don't want it to be driven

*Additional parts or labor may be required+*

### ca6553 Vehicle security, remote start and keyless entry system

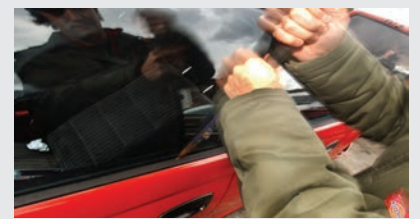

- (1) two-way 433MHz LCD display 5-button metal transmitter
- (1) one-way 433MHz 4-button metal remote control
- Unit will accept up to 4 remote controls
- Silent choice
- Glass mount antenna with built-in blue LED light and valet switch
- 125dB weatherproof siren
- Dual stage magnetic shock sensor (lite touch - full trigger)
- RPS (real panic sound) horn output
- Starter interrupt
- Flashing parking lights

### ca1553 Vehicle security and keyless entry system

- (2) one-way 433MHz 4-button metal remote controls
- Unit will accept up to 4 remote controls
- Silent choice
- 125dB weatherproof siren
- Dual stage magnetic shock sensor (lite touch - full trigger)
- RPS (real panic sound) horn output
- Starter interrupt
- Flashing parking lights

### ca1153 Vehicle security and keyless entry system

The CA1151 vehicle security and keyless entry system is our step-up model from the CA1051. The step-up features include; two 1-way 433MHz 4-button metal remote controls, dual stage magnetic shock sensor, real panic sound horn output, on board relay for flashing parking lights, on board door lock and unlock relays.

- Two one-way 433MHz 4-button metal remote controls
- Unit will accept up to 4 remote controls
- Silent choice
- 125dB weatherproof siren
- Dual stage magnetic shock sensor (lite touch - full trigger)
- RPS (real panic sound) horn output
- Starter interrupt output with relay included
- On board relay for flashing parking lights

### ca1053 Vehicle security and keyless entry system

The CA1051 is your entry level vehicle security and keyless entry system. This system comes with two 1-way 433MHz 4-button remote controls and features on board dual stage shock sensor, 125dB siren and more. This system may not be flashy but it is reliable!

- Two one-way 433MHz 4-button remote controls
- Unit will accept up to 4 remote controls
- Silent choice
- 125dB weatherproof siren
- Horn output
- On board dual stage shock sensor (lite touch - full trigger)
- Starter interrupt output with relay included
- Parking light and trunk outputs

### ca3051 Factory keyless upgrade to vehicle security system

Upgrade your existing OE factory keyless system to a vehicle security system. This system lets you keep your exiting OE factory key while gaining a complete security system.

- Dual stage magnetic shock sensor (lite touch - full trigger)
- Starter interrupt output with relay included
- On board relay for flashing parking lights
- 125dB weatherproof siren
- Horn output

### as9234 Factory keyless upgrade to vehicle security with remote start system

The AS9234 is the industry's first and only add-on security/remote start system that lets the factory OE keyless entry system control the security and remote start features. One transmitter manages all features: keyless entry, vehicle security and remote start.

- DBI Port
- On board relay for flashing parking lights
- Factory keyless upgrade inputs
- 2 on-board IGN relays with programmable output
- Diesel compatible
- Tachless mode

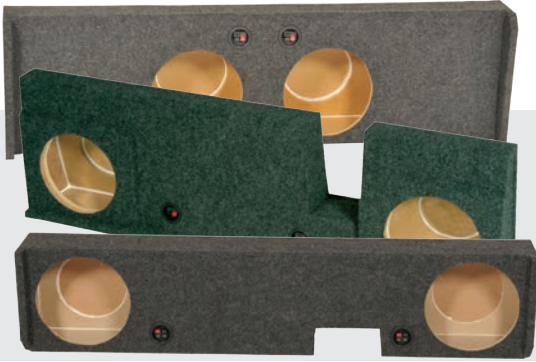

**ADDSS**  
Optional add-on Transmitter

## MULTI-COLOR RGB LED STRIP LIGHTS

When you don't want to settle for just one color, Install bay multi-color rgb led's and controllers give you the flexibility of selecting different colors and patterns to make whatever you want to light up truly unique. The controllers connect to 12 volts and the wireless IR remotes give you the freedom to move around but still control the lighting.

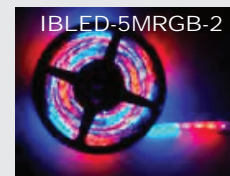

### NEW IBLED-5MRGB-1

- 16 different selectable colors, 5 meter flexible led roll
- 5050 rgb led's, led strip is 10mm wide and 2.5mm thick
- IP65 rated water resistant silicone covering with 3M tape
- 12 volt DC input
- Able to be cut every 3rd led, 60 led's per meter, 300 total
- Each led uses .18 watts; the 5 meter roll draws 4.5 amps

### NEW IBLED-5MRGB-2

- 7 different selectable colors, 5 meter flexible led roll
- 5050 rgb led's, led strip is 12mm wide and 3mm thick
- IP65 rated water resistant silicone covering with 3M tape
- 12 volt dc input
- Can operate (2) ibeld-5mrgb-2 rolls at a time
- IR Led is attached to control box by a 36" long cord.
- Able to be cut every 3rd led, 54 led's per meter, 270 total
- Each led uses .18 watts; the 5 meter roll draws 4 amps

### NEW IBLED-5MRGB-1

- Control box designed to be used with the IBLED-5MRGB-1
- 24 button credit card sized remote included
- IR Led is attached to control box by a 17" long cord
- Cord for led's to plug into is 15" long cord
- On/Off buttons with built in 8 way dimmer
- "Flash", "Strobe", "Fade", and "Smooth" buttons offer a variety of different lighting functions

### NEW IBLED-RGBC-2

- Control box designed to be used with the IBLED-5MRGB-2
- 25 button credit card sized remote included
- IR Led is attached to control box by a 36" long cord
- Cord for led's to plug into is 15" long cord
- On/Off buttons with built in 10 way dimmer
- 7 way speed setting
- 9 different lighting functions

## The Install Bay™ SIDE VIEW LED LIGHTS

Install Bay also offers a 12 Volt Side View LED light strips for those customers who want the Audi headlight look without the price of an Audi. Two 2' strips of Side View LED lights in Pure White come in a package. Flexible and waterproof, these lights will give your vehicle a more expensive look.

- LED Strips are 6mm wide
- Waterproof, designed to take the abuse of the elements
- 60 LED's per light strip
- 3M double sided tape provides a good strong bond
- Each LED strip only draws .3 amps of current
- The LED strip can be cut at every 3rd led if you need to shorten the length

## TracVision R1ST

### Satellite TV Wherever You Go

When you want to bring DIRECTV® on the road, check out KVH's affordable TracVision R1ST. It's the smallest and lightest in-motion satellite TV system on the market, bringing you premium standard-definition satellite TV entertainment from DIRECTV throughout the continental U.S.

### Innovative Technology

Thanks to KVH's RingFire™ technology, the 12.5" diameter TracVision R1ST antenna offers the highest gain in its class, so you'll get great reception even in poor weather. The system's streamlined design ensures easy operation:

- 300+ channels of digital satellite TV and music
- In-motion operation with rapid satellite acquisition
- KVH Whisper Drive™ for ultra-quiet operation
- KVH's exclusive, integrated 12V mobile receiver/controller with RF remote control, featuring onscreen system set-up and control

## TracVision R1DX

### High-Definition TV on the Road

Experience stunning HD entertainment via KVH's TracVision R1DX, the smallest and lightest in-motion satellite TV system on the market. This convenient, ultra-compact system allows you to enjoy DISH Network® and its HD programming throughout the continental U.S. Best, TracVision R1DX supports automatic satellite switching from your remote control, and gives you the ability to hook up multiple receivers in different locations in your vehicle, keeping everyone happy.

### Innovative Technology

Thanks to KVH's RingFire™ technology, the 12.5" diameter TracVision R1DX antenna offers the highest gain in its class, so you'll get great reception even in poor weather. The system's sophisticated design ensures smooth performance:

- 300+ channels of digital satellite TV and music
- Enjoy HDTV programming from DISH Network
- In-motion operation with rapid satellite acquisition
- KVH Whisper Drive™ for ultra-quiet operation
- Exclusive 12V Multi-service Interface Box/Controller with LCD for easy operation

**KVH 01027701BK**

Black TracVision A7 Mobile Antenna

## The TracVision A7 - Making TV as Mobile as You Are!

Leave the DVDs and videotapes at home and instead enjoy up to 185 channels of DIRECTV service and your favorite local channels\* on the open road.\*\* The ultra-low-profile TracVision A7 from KVH sets a new standard for fun on the road with live DIRECTV programming right on your car's video screens. And for the first time, you can take your local channels with you – don't miss that big game, traffic report, or breaking local news story again.

**Get your local networks, and 185 channels of DIRECTV programming**

### Features

- Compatible Satellite Programming DIRECT TOTAL CHOICE® MOBILE Plus
- Local Programming / National TV Networks
- Automatic Satellite Switching
- Integrated GPS

\* Subject to local channel availability and satellite accessibility

\*\* TracVision A7 provides full in-motion reception of satellite TV signals on open roads with a clear view of the TV satellite in the southern sky while in the continental U.S. TracVision A7 is intended to provide programming only on screens that are not directly or indirectly visible to the driver of the vehicle when the vehicle is in motion.

Connecting You to the Future

Pacific Accessory Corporation

## RadioPRO 4

Radio Replacement Interface

## Engineered simplicity from the leader in OEM integration technology

Installing one of today's complex navigation or multimedia headunits can eat-up a lot of time and require several aftermarket integration modules to complete. The new RadioPro4 from Pacific Accessory Corporation - the leader in in radio replacement and steering wheel control (SWC) interfaces - simplifies the whole process, saving you time and cutting down on the number of OEM integration modules needed.

Essentially, the RadioPro4 is a replacement and SWC interface that comes pre-loaded with amplifier retention and SWC software, navigation based output signals and firmware that retains all of the vehicle's original safety and convenience features. Because of its all-in-one functionality, the RadioPro4 cuts down significantly on the number of SKUs you need to carry, and in-package firmware updating helps keep your inventory fresh and reliable.

### Soft Touch Navigation System Exclusively for select GM vehicles

Must be equipped with factory screen

#### Part # 250-7610

##### Product Information:

- Utilizes existing 7" factory screen
- Plug-n-play harness interfaces with factory radio
- Maintains all factory functions
- Compatible with factory steering wheel control
- iGO Primo navigation software
- Available rear camera input
- 3 Year/36,000 mile warranty

##### Kit Includes:

- (1) Navigation Control module w/SD Card
- (1) Power harness (2) Interface harnesses
- (1) Antenna (1) Speaker (1) Circuit Board (1) Stylus
- (1) Hardware Pack (1) Installation Instructions
- (1) Software User Manu

##### Applications available for:

Buick 2011-2013 LaCrosse, Regal, Verano  
Chevy 2013 Camaro, Equinox, Malibu  
GMC 2013 Terrain  
(Must be equipped with factory screen)

Utilizes Soft Touch Screen  
Control or factory steering  
wheel controls

### Soft Touch Navigation System Exclusively for select Ford vehicles

MUST have the factory media LCD present

#### Part # 250-7614

##### Product Information:

- Utilizes existing 8" My Ford Touch® factory screen
- Harness interfaces with factory radio
- Maintains all factory functions
- Compatible with factory steering wheel control
- iGO Primo navigation software
- Available rear camera input
- 3 Year/36,000 Mile Warranty

# REARSIGHT<sup>®</sup> by Rostra

## Car, Truck, and SUV Backup Camera Systems by Rostra

### Part # 250-8208 RearSight System Mirror

#### Mirror Specifications

- 4.3-inch TFT LCD monitor.
- LCD dims automatically at night.
- 400 x 234 resolution display.
- 16:9 aspect ratio.
- Anti-glare coated glass.
- Two video inputs.
- Mirror/normal image switching.
- Adjustable LCD brightness.

### Part # 250-8082 CMOS Hybrid Color Camera

#### Camera Specifications

- 1/4-inch CMOS color camera.
- 160-degree peripheral view.
- .5 Lux light sensitivity.
- Standard S-video connections.
- Tab mount pre-installed.
- Includes swiveled hinge mount.
- Overlaid parking gridlines
- Waterproof case with anti-fog lens.

### Part # 250-8308 RearSight Mirror/Monitor with CMOS Teardrop Shroud Camera System

#### Mirror Specifications

- 4.3-inch TFT LCD monitor.
- LCD dims automatically at night.
- 400 x 234 resolution display.
- 16:9 aspect ratio.
- Anti-glare coated glass.
- Two video inputs.
- Mirror/normal image switching.
- Adjustable LCD brightness.

#### Camera Specifications

- 1/4-inch CMOS color camera.
- 160-degree peripheral view.
- .5 Lux light sensitivity.
- RCA video connections.
- Teardrop mount for liftgates.
- Includes shroud for tailgate handles.
- Overlaid parking gridlines
- Waterproof case with anti-fog lens.

### Part # 250-8040BLK

#### 5 Inch LCD Monitor and Infrared CCD Color Camera

#### Monitor Specifications

- 5-inch TFT LCD monitor.
- High resolution 640x480 display
- Matte finish to reduce screen glare.
- Dual video inputs for multiple cameras.
- Reverse override manual camera control

#### Camera Specifications (250-8117A)

- CCD color camera with 1/4-inch lens.
- 160-degree peripheral view.
- .5 Lux light sensitivity.
- Standard RCA video connections.
- Includes manually adjustable lens hood.
- Includes swiveled pedestal mount.
- Includes windshield mounting stem.
- Mirror/normal image switching.
- Adjustable brightness and contrast.
- Remote control to access functions.
- Built-in speakers for in-cab audio.
- Includes swiveled hinge mount.
- Infrared LED ring provides night vision.
- Includes 49-foot extensions harness.
- Built-in microphone for in-cab audio.
- IP 68 weatherproof rating.

# Comfort Products & Seat Heaters

*Innovation in  
ComfortSeating Technology!*

*Touch of a button, you can slip into something more comfortable! Shape your seat for optimum comfort with a stimulating massage, therapeutic heat or provide extra support to relieve lower back pain. You control your comfort level!*

## Universal Lumbar Support Product Features:

- 3 year or 30,000 mile warranty
- Ergonomically design control switch
- Orthopedic Design
- Sound dampening pouch minimizes noise
- Perfect addition to a leather seat upgrade
- Combine with a seat heater for optimum seating comfort
- Superior to mechanical lumbar supports

**Kit Part Number:**  
**250-1454 Frt Mount**  
Recommended for mounting between the foam and the upholstery

**Kit Part Number:**

## SiriusXM Portable Speaker Dock BB2 Model #: SXABB2

Sound system for compatible Dock & Play and Portable Satellite Radios

Dock any compatible SiriusXM Radio, including Lynx, and listen anywhere from the den to the desk or the backyard to the beach. Portability is a breeze using either battery or AC power. You can share the rich sound with friends or listen through your favorite headphones. Either way, it's the ultimate accessory for the ultimate listening freedom.

- Enjoy class-leading sound quality with a powerful 30 watt amplifier and 2-way speaker system
- A concealed handle and built-in antenna cradle with cable storage make it easy to take SiriusXM wherever you go
- Plug into an available AC outlet or listen anywhere with battery power (Requires 8 C-cell batteries, sold separately)
- Easily operate the Portable Speaker Dock and Satellite Radio from the same remote control
- Listen privately using the Headphone jack
- Connect MP3 players, CD players or other audio devices via the Aux In jack (Aux In cable sold separately)

## SPAL / Quality Driven, Proven Performance!

Since 1959, SPAL has been a leading manufacturer of OEM and aftermarket automotive products.

Our continuous effort in research and development has earned us an excellent reputation for high-quality products and state-of-the-art engineering and manufacturing. The goal of SPAL is to build the best products in the market today. We do this by controlling all areas of manufacturing to ensure the highest quality and performance available.

### 33000030 Deluxe Power Window Kit

This kit is designed to be extremely quiet. Suitable for the front or rear doors of nearly every type of vehicle.

### 33000031 Spal Power Window Kit

This standard power window kit is suitable for the front or rear doors of nearly every type of vehicle. Features thermal overload protection and works with all switches, OEM and aftermarket.

### 3304010167

#### 2 Door Sk With Double Frames (Pod Style)

3 switch kit with white illumination, euro pod style with dual pods on each side

### 33040188

#### 3 Switch Kit Illuminated (Euro Pod Style (Single Pod))

### 37000148 2 Door Power Lock Kit w/M5

#### 37000149 4 Door Power Lock Kit w/M5

Our 2- and 4-door locking systems offer an easy-to-install and inexpensive option for converting your old, manual door locks to power locks in just a few easy steps. This kit is a central locking style using Italian-made 8 lb rated actuators to operate the locking mechanisms. Best when used in conjunction with our RE-4 keyless entry system.

### 33040128 3 Switch Kit - ILLUM. w/Frames

### 33040147 3 Switch Kit - ILLUM. w/Frames

### 33040174 3 Switch Kit (push/pull type)

Universal Push/Pull 3 Switch Kit / Green Illumination

### SIL40K 40 lbs Solenoid w/Hardware Replacement Solenoid

This solenoid has over 40 pounds of force and a small mounting size which make them ideal for early street rods with small doors, antique vehicles and many others.

### 33040262 7 Switch Kit - Push & Pull Switch Universal Euro Style Kit with Green LED Illumination.

Kit includes (7) Switches Code 17400110A, (3) Frames Code 33030170, (1) Frame Code 33030168, (1) Frame Code 33030099, (1) Metal Bracket Code 33030171, (3) Metal Brackets Code 33030172, (1) Wire Harness Code 33020040 & (1) Wire Harness Code 33020041.

### 33040241 7 Switch Kit Illuminated Euro Pod Style

### Door Popper for shaved Handle Kit

#### DP-3 Door Popper

DP-3 door popper features aluminum and stainless steel construction and is set for a flush or surface mount. The tips of the poppers can be cut down to give you the desired amount of "push" without sacrificing your doors or the cars around you.

SPAL electric power windows, for all vehicles (12V) not fitted with power windows, are perfectly adaptable to any type of door, both front and rear, and are very easy and quick to install. The mechanism remains completely inside the cover panel, thereby maintaining a very smart appearance.

The experience acquired and the care given to even the smallest details ensure that the entire family of SPAL products always operate smoothly, quickly and silently.

## Radar Detectors

### PRO-3600

Radar & Laser Detector w/ Hi-Performance Antenna & Red Tri-Directional Display

## MultiMediaLinQ - High-End Digital Audio Interface Adapter

(fits most Toyota/Lexus vehicles 2001-2013 with and without Navigation System)

MML (MultiMediaLinQ) is a beautifully engineered high end device with spectacular clear, impressive natural, absolutely free of distortion audio.

Simply connect iPod/iPhone/iPad through USB port on the MML interface adapter and get full integration through your factory radio/navigation screen.

### Key Features:

- Add-on USB capability to your Toyota/Lexus head unit
- Automotive design
- High-speed USB 2.0 Host interface
- MP3, WAV and FLAC files playback
- M3U playlists support
- Supports virtually any USB Mass Storage Devices
- Supports all USB Audio iPod® and iPhone® models
- Optimized for "immediate" playback
- Support multiple USB partitions (up to 4 partitions)
- Supply up 2.1A to USB port
- Fully software upgradeable (including OS, playback engine, codecs and automotive interface)
- Supports up to 999 folders (playlists)
- Supports up to 999 files (per folder/playlists)
- Display full text information (Song Title, Artist, Album)
- Extended browsing capabilities (browsing by Playlist, Artist and Album)
- High-End Audio with Extremely Low level of Total Harmonic Distortion
- 24-Bit stereo delta-sigma D/A Converter
- True Plug & Play solution
- Warranty: 1 year

iPod/iPhone/iPad integration includes Playlist and Song browsing for 2nd, 3rd and 4th Gen Lexus and Toyota navigation systems and expanded Playlist, Artist and Album browsing for 5th Gen navigation systems. Expanded 26 character display will come up on your navigation screen for even more convenient use.

MML USB interface will also support 3rd Party Music Players and Internet Radio. It will allow you to listen and display info from supported apps like Pandora, TuneIn Radio, Slacker, Spotify, Livio, iHeartRadio and etc.

## SoundLinQ3 SL3i-UP - Apple® iPod/iPhone™ interface adapter

(fits most Toyota/Lexus vehicles 2001+)

SoundLinQ3 SL3i-UP is our third-generation iPod/iPhone integration system. It still delivers full functionality for your iPod™ or iPhone™ - it just does so in a much smaller unit.

- Audio input dedicated for iPod/iPhone™ integration
- Audio Source selection and iPod/iPhone™ controls via OEM Radio or Steering Wheel Controls
- Artist/Song info displayed on the Navigation screen or Radio display
- Track info displayed on the Navigation screen or Radio display
- Browsing by Playlist, Artist, Album, Genre, Audiobook, Podcast
- Charging iPod/iPhone battery while driving
- True Plug & Play solution
- Improved sound quality
- Warranty: 1 year

(fits most Toyota/Lexus vehicles 2001+ and some Toyota vehicle 2010+)

Our third-generation solution for controlling your DEI (Directed Electronics) SIRIUS SCC1 aftermarket Satellite Radio tuner directly through your vehicle's audio system.

- Audio input dedicated for DEI SIRIUS SCC1 receiver integration
- SiriusXM Radio controls via OEM Radio or Steering Wheel Controls
- Browse by channel, category and favorites list
- Radio TUNE knob is used to change channels
- 18 Presets for your favorite channels (SAT1, SAT2 and SAT3, 6 in each)
- Channel number and Artist/Song info displayed on the Radio display
- Provides full integration with the factory Radio/Navigation system
- Plug-n-Play easy installation and removal which preserves vehicle warranty
- Maintains full functionality of all factory installed components
- Improved sound quality
- Warranty: 1 year

## The unique and unsurpassed components of Vizualogic quality are:

**The "Look"** – It bears repeating: Our built-in monitors are already flush mounted and secure. They require NO CUTTING. Take out the original headrest. Put in Vizualogic. Keep the utility blades in the toolbox.

**Technology** – Every screen monitor is designed to emit maximum brightness and high resolution.

**Keen observation** – Our PerfectMatch™ products are matched to OEM specifications. Vizualogic's team of design specialists personally examine the OEM fabric and stitching to make sure our duplication is exactly like the original.

## SmartLogic Android Removable Headrest System

The SmartLogic removable Android system is Vizualogic's newest addition to their already extensive list of rear seat entertainment products. Running the Android operating system, this completely removable device gives you hours of non-stop quality entertainment.

Rear seat entertainment isn't just for the rear seat anymore. It Goes Anywhere with Vizualogic.
